

Martin Luther Christian University

Foundation Course for International Students

Introduction

The foundation course in MLCU is for foreign nationals studying in this university. This course aims at helping the foreign students to make a gradual adjustment in new place and culture. Finding a place in this set up would hopefully, remove apprehensions that would hinder possibilities of participation in academic and non academic activities during their stay in Shillong. In the process the students will need to identify what their contributions might be before they return to their communities.

Objectives

1. To enable students understand the culture of the people they will be working with during their stay in Shillong.
2. To enable students be open to communicate.
3. That the students are able to identify areas of study they would focus in during their stay in Shillong.
4. That the students are able to set for themselves certain short term and long term goals

Syllabus

1. Orientation to a New Culture
2. Communicative English
